

N.H. May and Jas. Hughes Survey In sec 15 T10N R2W.

March 25
1901

I met N.H. May, Jas. Hughes et. al. pursuant to written notice served on interested parties by N.H. May ten days previous to date of survey. See attached notice below. We organized by qualifying Russel Hughes, Burk May and Willie South, and Newton Ware as assistants. We began at the N.W. corner of the NE $\frac{1}{4}$ of sec 15 T10N R2W. run East one quarter of a mile and found witnesses of old corner. Said corner was perpetuated by a lime stone rock set two feet in ground and witnesses are Ash 12 in S 10° E 14 links and an elm 12 in S 82° W 46 links, see Sec. 10. Thence we run south on a random line with variation of needle as $2\frac{1}{2}^{\circ}$ E. a distance of 17 chains to Bear Blossom creek. Said Creek was up and we had no way to cross. We then drove a stake on this random line on the bank of said creek and one at every five chains along said line. Both interested parties agreeing we disbanded.

I hereby certify that the above is a true statement of the survey as made by me, in witness whereof I attach my hand and seal.

Lew E. Heckard
S. C. S.

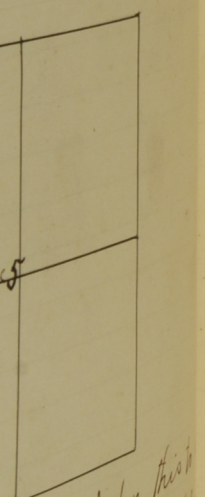

This day appointed
Deputy S. C. S.
State of Indiana
Lew E. Heckard
